Pardoned Aged Slayer

William Philpott who in 1912 was convicted of murder in the second degree at Chillicothe, has been pardoned by the governor. He is 70 years of age and was sent to the penitentiary for 10 years. The slayer and his victim were drunk when the killing occurred. Failing health is said to be the cause of clemency for Philpott.

There is some talk of contesting the election of the prosecuting attorney. The talk is that there was so much money in evidence during this campaign and the evening of the election that a movement will be made by some citizens looking to a contest, and if possible, setting aside of the selection of the prosecuting attorney. There seemed to be so much money floating around Tuesday evening that some of our citizens got the headache just from looking it over.

The Commercial Club was to have a meeting Wednesday evening but the threatening skies kept the members at home. The solicitors of a fund for the October fair report good progress and the affair seems in shape to be put through if the Club puts its official O. K. on the arrangements.

The Commercial Club finds that it cleared about \$12 on the chautauqua this year. This is nearly twice as much as they cleared the year before. It is a small profit but it goes to show that the business has been out through at a profit instead of a loss as has confronted many other cities and towns.

Hon. J. C. Crawley attended the election and cast his ballot as he always has, for the candidates he thought would best serve the people. He will be 88 Saturday, and considering his very active life, he is able to get around wherever he chooses to go.

A strike of all railroads west of Chicago was to have been called off for August 7. The Moberly Democrat says that this strike has been called off and that traffic will not be disturbed.

Mrs. Woodrow Wilson wife of our president is not expected to live many hours longer. For four months she has been ill with a complication of nerve ailments.

Suits to Quiet Title

Mrs. Peter Casey, aged 45 years, died at her home in the south part of Keytesville at 1 A. M. Wednesday. The remains were buried from the home at 5 o'clock, Wednesday the interment being in the Keytesville cemetery.

Child Dead

The little child of Bert Duncan colored, died at the home in the southwest part of town Wednesday. The child was 4 months and 5 days of age. The burial was at 3 p. m. Thursday.

Farms For Sale

Having located in the Ozarks I have several farms for sale from \$15 per acre up. Will meet you at train any time. Grant Smith, Richland, Mo., R. F. D. 2.

Are some of the offices worth the cost?

Paul "Chicken" White of St. Louis is in the city for a vacation.

Warner White was confined to his bed Wednesday following the election.

J. J. Dowell of Marceline was in the city Thursday and paid the Courier office a call.

About thirty nine draps of the aforesaid will help wonderfully to forget election disappointments.

Following a cool spell the weather man sent the mercury up to 103 degrees at noon Thursday in the shade.

Considerable money was wagered in Livingston county over the outcome of the Rucker-Jones fight there.

The war scare has brought no appreciable difference in the cost of food thus far. Here's hoping that it won't.

The vote was not as heavy as expected. Automobiles in nearly every township helped wonderfully to swell the number.

Seed Wheat.

Improved soft, clean, full weight. For sale.
25-28 J. J. EWING.

Did any one ever run for office and win or lose, emerge from the conflict with as much self respect as he started out with?

Roy Gray was here last week and visited at Prairie Hill, his home neighborhood in the interests of Judge Minter's campaign.

Frederick Delano, one of the former receivers of the Wabash R. R. was appointed a member of the national bank board by President Wilson.

Master Earl B. Kribben who visited his grandmother, Mrs. D. B. Kellogg last week on his way from the west to his home in St. Louis, left Monday.

A wreck between a steam train and a gasoline train near Joplin Wednesday night caused the death of 38. The gas train set fire to the passenger cars and numbers were burned to destruction.

Shortage of Rainfall

The rainfall for July was deficient and the crops have suffered from both this deficiency and the heat. The condition of corn at the first of August is 68 percent as against 81 per cent a month ago. It is estimated that 65 per cent of the wheat has been threshed and the average yield is 17 bushels per acre. Oats showed an estimated yield of 22 bushels per acre with only 60 per cent of the crop cut with the binder. Hogs are reported healthy and there is little talk of the existence of cholera. Other farm products are rated as follows:

Timothy .6, timothy and clover mixed .75, prairie .8, mixed .85 tons. The hay acreage is greatly reduced and the total yield will show a decided shortage. Pastures are very poor, especially where worked on by army worms early in the season. For the state, pasture condition is 51; Condition of broomcorn is 90; flax 78; melons, 57; tobacco 62; cotton 60; cowpeas 51. Fruit has been injured somewhat. Condition of apples is 50.

The apples this year have been few and far between. The best eating apples were the June apples. There were but few of them. The Maiden Blush apples have proved to be hard and rather tasteless. The apple output this year uncultivated orchards had been rather unsatisfactory in the face of the fact that the crop in places where the orchards are properly cared for have proven large. The fact that many or most of the apples in the smaller orchards fell off before they were developed indicate that they were not properly cared for.

Established 1855.

"Roosters" were thick. If the man from the state poultry farm had been here he would have thought it an excellent day Tuesday to "swat" the roosters. Men were plentiful and thick. They had the town to themselves especially in the morning. The street on both sides was lined with men. Few women appeared on the streets as they gave over the day to the voters.

Change Your Seed Wheat

Sell ten bushels of your common wheat at market price, say 75 cents, making \$7.50. For this sum, \$7.50, we will send you enough of the wonderful Marvellous wheat to sow ten acres.

You're skeptical? We don't blame you! It will cost a stamp or postal card to get the proof how thousands of others in 1913 and 1914 saved money on their seed wheat and grew the greatest crops they ever did.

We quote just a few extracts from hundreds of letters received. The original letters are on file in our office and can be seen by interested people.

Beats everything in the way of wheat.—A. C. Le, Dent Co., Mo. It is marvelous indeed.—O. E. Laclede Co., Mo. Beats anything I ever saw.—G. E. P. Morgan Co., Mo. Greatest wheat I ever saw.—Mrs. G. O. C. Folk Co., Mo. It beats them all by far.—T. J. M. Newton Co., Mo. 30 to 60 bushels per acre. Beats all.—L. S. Miami Co., Ind. One acre equals 8 of old kinds.—W. J. W. Unicoi Co., Tenn. 48 1-4 bushels per acre; fully 3 times others.—H. B. A. Warrick Co., Ind. 100 bushels from 1 bushel sown.—W. E. G. Preble Co., O. Estimate my 8 acres will thresh 800 bushels.—H. B. A. Warrick Co., Ind. Heads 3 to 5 inches; 35 to 100 grains to head, with old kinds only 25 to 30 grains.—J. W. S. Highland Co., O. Yields double old kinds.—U. S. N. Carter Co., Tenn. Ahead of any other kind I ever saw. Doubles yield.—C. L. F. Richmond Co., O. 35 bushels per acre.—C. H. Lincoln Co., N. C. New wheat 40 bushels to acre, others 15 bushels. Counted 90 heads from one grain of wheat.—J. R. McEl, Stewart Co., Tenn. Yield 30 bushels acre.—W. M. P. Scott Co., Ky.

If you grow winter wheat you owe it to yourself to learn all about this new wheat. It's money saved right now and more bushels of wheat for you next harvest. Whether you now own more or many this should interest you in this paper. Send your order from this advertisement or write today for catalog, photographs, complete letters from growers, etc.

Salisbury Scribbles

Mrs. J. W. Garrett went to Rochester, Minn., last week to consult Drs. Mayo.

On Sunday the dust in the south part of town was something fierce. On either side of the main auto track vegetation was covered and gardens almost ruined.

On Monday about noon the one room dwelling house of Sherd Givens in Hedgpeeth's addition was destroyed by fire with all its contents while the family was temporarily absent. We learn there was some insurance on both building and contents, but did not ascertain the amount. The fire it is thought, started from a leaky coal oil stove. This is a hard blow to Sherd and we feel sorry for him.

The election passed off quietly here but we will not give details of vote as that will appear in tabulated form in the Courier. The contest was spirited but generally conducted in a pleasant manner.

Hering fell off a bridge and broke his collar bone and will have to lay off a few days.

Clark Jacks colored was arrested Monday night on a warrant charging him with common assault. His trial has been set for Monday.

There is much complaint of lawlessness among the colored people around the mineral well and unless it ceases some one will get into serious trouble.

W. D. Murphy and A. W. Johnson motored to Moberly and other points Wednesday on business.

Mrs. Alle Gallemore and daughter returned from a visit to friends in Moberly Sunday afternoon.

J. C. Halliburton will open up a dry Goods and shoe store in the Westenkuehler building about August 20th. He is from St. Louis and a brother in law of O. J. Friend.

John Spellman has the first finger of his left hand badly mashed some days ago while repairing a pump. Blood poison developed and it was found necessary to amputate the injured member Monday. He is getting along nicely now.

Misses Cora Wanger and Juanita Grizzell have returned from Chicago where they attended the Sherwood school of music.

Rev. Frank Summerlad who came here from Brunswick over a year ago passed away at Woodland hospital in Moberly where he had undergone an operation for some internal trouble last Thursday morning aged about 60 years. He was taciturn man in his talk and many of our people had failed to form his acquaintance, but those fortunate enough to meet him socially and in business found him to be of fine mind, warm impulses and of a generous nature. His remains were brought here for interment in the city cemetery Saturday after funeral services at the home. Deceased had no family but left a wife and some relatives to lament their loss. For many years he was a Lutheran minister but retired from preaching some years ago.

A big crowd was here Saturday talking politics and war in Europe but mostly politics. Some of the candidates kept the pump handled movement going lively all day.
